

Warranty

FACTS BOOKLET

Limited Warranty (12 Months or 12,000 Miles) 1977 New Car and Light Truck

Ford* warrants for its 1977 model cars and light trucks that the Selling Dealer will repair or replace free any parts, except tires, found under normal use in the U.S. or Canada to be defective in factory materials or workmanship within the earlier of 12 months or 12,000 miles from either first use or retail delivery.

All we require is that you properly operate and maintain your vehicle and that you return for warranty service to your Selling Dealer or any Ford or Lincoln-Mercury Dealer if you are traveling, have moved a long distance or need emergency repairs. Warranty repairs will be made with Ford Authorized Service or Remanufactured Parts.

THERE IS NO OTHER EXPRESS WARRANTY ON THIS VEHICLE.

ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS IS LIMITED TO THE 12-MONTH/12,000-MILE DURATION OF THIS WRITTEN WARRANTY.

TO THE EXTENT ALLOWED BY LAW, NEITHER FORD NOR THE SELLING DEALER SHALL HAVE ANY RESPONSIBILITY FOR LOSS OF USE OF THE VEHICLE, LOSS OF TIME, INCONVENIENCE, COMMERCIAL LOSS OR CONSEQUENTIAL DAMAGES.

Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations may not apply to you.

This warranty gives you specific legal rights, and you also may have other rights which vary from state to state.

Please Retain This Booklet In Your Vehicle.

Additional (beyond 12 months/ 12,000 miles) Limited (36-Month) Warranty on Batteries

After the first 12 months or 12,000 miles but within 36 months from the earlier date of original retail delivery or first use, if the original battery is found to be defective, it can be exchanged for a new Motorcraft battery of equal or greater capacity on a pro rata basis at any Ford or Lincoln-Mercury Dealership or Motorcraft battery Dealership. For each month remaining in the 36-month period the pro rata credit will be $1/36$ of the current suggested retail price of the battery being replaced.

This pro rata warranty period applies only to vehicles used for normal service. For batteries installed in police cars or taxicabs, the Dealer can advise of the adjustment period applicable to the battery in the particular vehicle.

TIRE ADJUSTMENT REFERENCE

Tires are subject to separate service adjustments, during the life of the original tread, offered by the manufacturer, not by Ford or the Selling Dealership. If you have a tire problem, take your vehicle to a representative of the tire manufacturer. Your Selling Dealer will help you discuss tire problems with the tire manufacturer's representative if you need assistance.

The policies of the various tire manufacturers generally provide that if during the life of the original tread a defect in factory material or workmanship is found in a tire installed on the vehicle when it was delivered, credit will be given toward the purchase of a new tire at the tire manufacturer's Adjustment Base Price. The credit is based on the amount of original tread left on the tire. The owner will be charged for taxes, and in some cases, transportation and/or service charges may be made. Damages resulting from a defective tire are not covered.

Following is a List of Frequently Asked Warranty Questions:

WHAT SHOULD I DO TO OBTAIN WARRANTY SERVICE?

The Dealership where you purchased your vehicle has the responsibility for performing warranty repairs; therefore, take your vehicle to that dealership. If the Ownercard that you received with your vehicle when it was delivered is presented to the Dealership, it can result in faster warranty service. On occasion, your Dealer may be required to contact Ford prior to performing a warranty repair to enable evaluation of the repairs required.

If you are traveling, have moved a long distance from your Selling Dealership, or need emergency repairs, any Ford or Lincoln-Mercury Dealership will do the warranty work.

If you encounter a service problem, refer to the service assistance section in your Owner's Guide for suggested actions.

IS THERE A BREAK-IN ADJUSTMENT PERIOD?

Yes, service adjustments that are refinements in fit, alignment and performance, as required in normal use, will be provided free of charge to the owner during the first 90 days of use as follows:

- Carburetor and distributor (one time basis only).
- Door, hood and trunk lid.
- Cooling and fuel system cleaning (caused by contamination during assembly).
- Oils, lubricants and fluids (when not supplied in proper amounts during assembly).
- Trim and glass alignments.
- Wheel alignments and balance.*
- Tightening of nuts, bolts and fittings.

After 90 days such service adjustments will be charged to the owner, unless they are required because of defects in materials, all of which are covered for 12 months/12,000 miles.

*Camber and caster are preset at the factory and are not adjustable on the Twin-I-Beam front suspension on Econoline and series 100-350 trucks.

Following is a List of

Frequently Asked

Warranty Questions (Cont'd):

WHAT IS THE WARRANTY COVERAGE ON THE EMISSION SYSTEM?

Refer to the Emission Systems Warranty and Maintenance Schedules in the Owner's Guide for complete details of this coverage.

WHAT ITEMS ARE NOT COVERED BY THE WARRANTY?

Ford will correct free all defects in material and workmanship (except tires). The owner is responsible for repairs caused by:

- Accident, fire or other casualty damage
- Racing, overloading, other misuse or negligence
- Parts not supplied by Ford
- Modification of any part of the vehicle

The owner also is responsible for proper maintenance of the vehicle including the cost of parts and labor. Examples are the addition of oil and the replacement of wiper blades. Recommended maintenance schedules are listed in the Owner's Guide.

This warranty applies to vehicles registered or normally operated in the United States or Canada. When a vehicle produced in the United States or Canada is registered in another country, the warranty will be that offered by the Ford Motor Company affiliate in that country.

HOW DO I REPORT A CHANGE OF ADDRESS OR OWNERSHIP?

You should request your Dealer to report to Ford any change in address or ownership.
